Lead Capture

**Content
Sharing**

ROI Tracking

Step 1: Download the **Modus Communicate** app

Check your email for an app invitation from **notice@gomodus.com**, including your username, a password creation link, and an app download link.

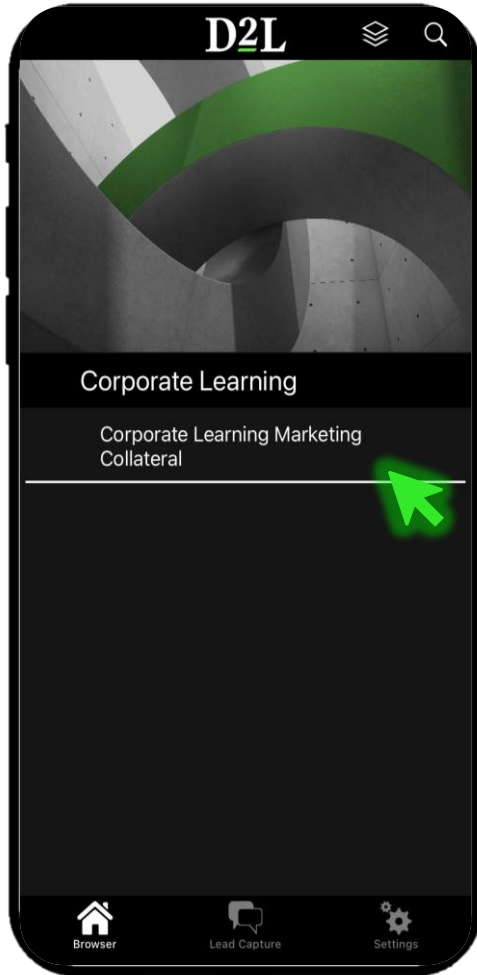

To Activate Lead Capture:

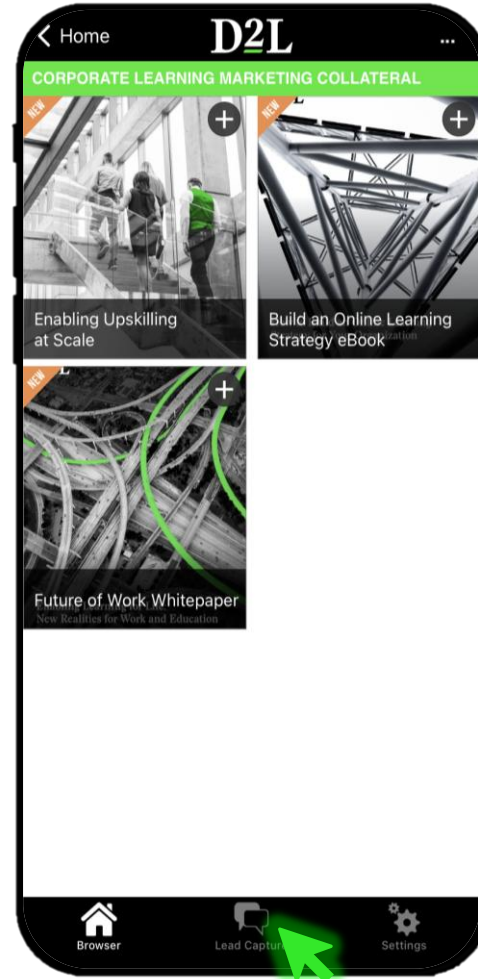

1. Navigate to the "Settings" tab in the app.
2. Scroll down and toggle on the Lead Capture button
3. Select the event for lead scanning (if prompted).
4. Access the Lead Capture button in the navigation bar.
5. Utilize the "Capture Lead" button in the top right to scan a badge or business card.
